

International Society for Tractography

Endorsement Proposal Procedure

This is the procedure to endorse an event or a scientific project initiated by IST members (the applicant). The society will not endorse publications. The scope of the endorsement is to help promote IST, make sure the IST is aware and the content is aligned with IST values. The process is the following:

1. The applicant selects a board member to review the proposal by sending an email to info@tractography.io
2. The board member carefully reviews the endorsement proposal
3. Submits a recommendation to other board members via email
4. Upon approval,
 - a. Endorsed information will be included in the newsletter and social media
 - b. A “public” calendar event accessible through the website will be added
 - c. The applicant will be asked to promote IST and solicit IST membership applications at their own event
